Content Management System (CMS)

WordPress

Education

B.R.S.Y COLLEGE

Intermidate

2016 | PATNA, India

Khadimmul islampur high school kasmiri kothi

Matriculationn

2014 | PATNA, India

B.C.A From Catalyst College

Graduaction

2019 | PATNA, India

Projects

Expense Tracker

Tax-Calculation & suggestion

- A responsive web application that helps users **track and manage their daily expenses** with full **CRUD operations**—add, view, edit, and delete expense entries. It features **interactive charts using Chart.js** to visualize spending patterns by category and time. Built using **HTML, CSS, JavaScript, and Chart.js**, with optional backend support via **Node.js, Express, and MongoDB**.

Pokemon-Card

- using tailwindcss, javascript & API Integration

Book Club Discussion Platform

- Built a web application using Django, Angular, and PostgreSQL with a RESTful API, enabling users to create book discussion threads, post comments, and rate books. Includes CRUD operations and chart visualizations for tracking popular books, discussion frequency, and user engagement.

Certificates

Full Stack Developer (Geekster)

- Currently Perusing from "Geekster"
- Java, DSA, Javascript, Typescript, React, Git, API, Tailwind Css, Responsive Web Design
